Call for applications for film students

Join the Jury for the International Features Competition at the next
Geneva International Film Festival (GIFF) !

For the 28th edition of the Geneva International Film Festival (GIFF), which will take place from 4 to 13 November, the Festival has the pleasure to invite **4 students** in cinema and audiovisual (Master level or Alumni) to form the Jury for the International Features Competition.

A pioneer in the field of storytelling arts and digital innovation, the GIFF explores the future of the cinematic experience. For more than 25 years, the Festival has been fighting with passion to promote the artistic qualities of different creations such as films, series, XR works, digital arts or music videos. Its programs focus on emerging talents and films that jostle the way in which we perceive cinematic narration and grammar.

Four students in theories and/or practice of cinema or audiovisual from Swiss tertiary educational institutions and Universities, chosen among the submitted applications, are invited to join an internationally renowned filmmaker who will preside the Jury for the International Features Competition. At this occasion, the five members of the jury assist to the projections of ten titles chosen in international competition before deliberating and chose together the laureate movie, which will win the Reflet d'Or for best feature 2022.

If you wish to participate in this exceptional and unique, **apply:**
cover letter (1-2 pages in French or English) with a **valid attestation of cinema or audiovisual studies**
(Master level or Alumni) from a Swiss tertiary educational institution or University by email to:

jury@giff.ch

Until September 26, 2022

Participation criteria:

- English speaking and understanding of French
- Be available 4 days (exact dates TBC) during the Festival dates: 4 to 13 November 2022
- Be registered and following a study plan in cinema or audiovisual (theory and/or practice) at the Master level or Alumni in a tertiary educational institution or University in Switzerland

NB: The Festival will take care of any travel (inside Switzerland) and stay costs in Geneva concerning each student.
