

## 1. About the Festival

Founded in 1995, the Geneva International Film Festival (GIFF) is Geneva's oldest film festival and one of the first in the world to include television in its programs. A crossroads of genres and disciplines, it offers every year for ten days films, series, interactive installations, and virtual reality works to some 40,000 festivalgoers. At the heart of the Festival is the Geneva Digital Market, a unique event in Switzerland dedicated to audiovisual innovation with more than 650 participants including major players from creative industries.

The 29th edition will take place from **November 3 to 12, 2023**.

## 2. Sections

### Competitions

- **International Features Competition**  
A selection of ten feature films that turn stylistic conventions upside down and pave the way for the cinema of tomorrow.
- **International Series Competition**  
An exclusive Swiss window on the best international TV series, which GIFF has been reporting for more than 25 years. The competition of ten hand-picked pilots, showcases the innovation potential of the most popular and dynamic format in contemporary audiovisual media.
- **International Immersive Experiences Competition**  
A pioneer in the field of digital arts, since 2016 GIFF has offered an International Immersive Works Competition. An exceptional selection of XR works in virtual reality (VR), augmented reality (AR) and mixed reality (MR) that explores the rich connections between narrative and technology.
- **Future Is Sensible**  
A convergent and competitive section dedicated to social, ecological and technological foresight, featuring dystopian series, science-fiction movies and XR experiences and exploratory technologies that question ethical choices and their impact on the future.

### Converging Sections (Out of Competition)

Non-competitive sections such as **Highlights, Pulsation, Pop TV, Sight and Sounds** and **Tales of Swiss Innovation** are converging sections. Features, series, immersive experiences, digital installations as well as live performances can therefore be included in the same section.

- **Highlights**  
The section of all the major events of the Festival featuring numerous film previews, the most eagerly awaited series of the year, complete series by prestigious authors, world premieres of Swiss series, state-of-the-art digital installations and unique immersive works.

- **Pulsation**  
A selection of film, serial or digital projects that gauge the pulse of contemporary creation and point to the emergence of new authors or trends.
- **Sight & Sound**  
Artistic evenings and performances – linking sound and image – given by trailblazing or pioneer artists in performing and visual arts.
- **POP TV**  
At a time when people are speculating about the future of linear television, GIFF offers an unprecedented immersion in the history of the medium. Spread over several editions, Pop TV will trace – for better or for worse – the evolution of the contents that have fomented our popular culture from our living rooms. Series, movies and mythical shows will make you relive or discover the anteroom of the aesthetics that have influenced contemporary audiovisual.
- **Tales of Swiss Innovation**  
A carte blanche and a masterclass is offered to a Swiss personality who has contributed significantly to the advancement of the audiovisual industry in the fields of storytelling, imaging, production or broadcasting.

#### Tribute awards

- **Film & Beyond Award**  
Each year, the Film & Beyond Award personally recognizes an interdisciplinary artist for his or her entire career, presented in the form of a retrospective.
- **Geneva Award**  
This award recognizes the careers of personalities who have inspired their contemporaries through their artistic choices and the courage of their opinions. A tribute accompanied by a retrospective program and a public conference.

### 3. Juries and Awards
